Notes:

- (a) For pledges made in currencies other than US dollars, the pledge amount in USD comprises the actual USD value realised from any currency calculated using exchange rates posted on OANDA.com, as of: 30-Apr-11
 - (b) Where pledges have been made that are not specific to individual years, the amount shown as pledged for a period is the sum of contributions for that period to be Confirmed⁸.
 - (c) Contributions held in the currency in which received are stated at their US dollar equivalent on the date of receipt
- 2 Amounts 'Not Yet Paid' will not equal 'Amount Pledged' less 'Amount Contributed', in instances where a donor has made contributions in one or more other years
- 3 Contributions in process are amounts expected to be received within one month, and for which a contribution agreement has been signed and a signature of a contribution agreement
- 4 The United States contribution to the Global Fund is subject to certain U.S. legislative restrictions, including that, during 2004-2013, no U.S. funds contributed to exceed 33% of total contributions. Furthermore, at the donor's discretion, up to 5 percent of this funding may be applied to Global Fund grant implementation, and the contribution to the Global Fund reduced correspondingly.
- 5 Countries that have not made a pledge and/or contribution for years after 2007
- 6 All (PRODUCT)RED corporate partners have made long-term commitments to supporting the Global Fund; the listed figures are as of 30-Apr-11. Last Updated: 30-Apr-11
- 7 Other Donors: includes contributions received from the American Express Membership Rewards® program and Transnational Giving Europe
