**Subject:** Message not approved: The Honest, Logical Evidence of a Misguided Chi

**Date:** Nov 30, 2005 1:03 PM

Although I may (or may not) agree with what you state, Rood, there is no evidence of what Jake has written on THIS board to justify such a rather angry retort. It borders on flaming (it's certainly insulting) and I can't allow it.

Nevertheless, you raise some very good points about the allure of the exposed glans (especially as a reaction when coupled with sexual repression). Why don't you resubmit your post but not specifically aimed at Jake.
